About this Directory

Cobb County Department of Transportation (Cobb DOT) provides this Transportation Resource Directory as a courtesy to the public at large to support Cobb County citizens searching for transportation options and information.

The 2010 Edition of the Transportation Resource Directory is intended to serve as a resource for citizens of all ages; however, several sections are dedicated to programs for senior citizens and persons with disabilities and special needs.

This directory is a best effort to provide transportation related information that is up-to-date and accurate but may not be a comprehensive listing as such. Due to the constantly changing nature of the information, Cobb DOT cannot ensure the completeness or accuracy of the information contained in this Directory. It is the responsibility of the consumer to verify information, evaluate the provider, and determine how best to meet their own individual transportation needs. As such, all information contained in this Directory is provided "as is", and without warranty of any kind, expressed or implied.

Cobb DOT is not responsible for any errors or omissions, or for the results obtained from the use of this information. In no event will Cobb DOT be liable for any decision made or action taken in reliance upon the information contained in this Directory. Listings do not constitute endorsement of a service or program.

To help us revise material for future issues or to submit changes and/or corrections, please contact 770-528-1679 or email your comments to planning@cobbcounty.org.

This directory is available as a PDF and can be emailed upon request.

2 About transportation in Cobb County, Georgia

Cobb County is one of the premier counties in the nation and is home to more than 679,000 residents who enjoy a high quality of life. As of 2006, the population was spread out with 26 percent under the age of 18, nine percent ages 18 to 24, 36.5 percent ages 25 to 44, 21.5 percent from ages 45 to 64 and 6.9 percent age 65 and over. According to 2000 US Census, more than 116,000, (16.6 percent of total population) residents in Cobb County are aged 55 or older.

Cobb County is located 10 miles northwest of downtown Atlanta and 25 miles from Hartsfield Jackson Atlanta International Airport.

Cobb County offers quality schools, acres of park land, excellent recreational facilities, large variety of shopping and dining opportunities. Cobb County government services are unparalleled which includes its own public transit system, Cobb Community Transit (CCT). Cobb Community Transit offers a variety of transportation options and serves the County and its six municipalities:

Acworth - www.acworth.org

Austell - www.austellga.gov

Kennesaw - www.kennesaw-ga.gov

Marietta - www.mariettaga.gov

Powder Springs - www.cityofpowdersprings.org

Smyrna - www.ci.smyrna.ga.us

Most studies relative to aging adults, show that in order for persons to age well both physically and mentally, they must be able to have access to their health care services and remain actively engaged in their community. Transportation is the key to both.

The Atlanta Regional Commission cited in a recently published Data Fact Sheet for Cobb County Transportation Services that currently 91 percent of Cobb County's older adults (ages 60 and older) drive themselves. When they can no longer drive, 57 percent are hoping someone else will be able to drive them while 24 percent have no idea how they will get around. In 2008, Cobb DOT began implementing recommendations from the 2007 DOT Senior Adult Transportation Study (SATS). Strategies include enhancing current transportation services, supporting alternative transportation opportunities and increasing transportation resources.

Public Transportation

COBB COMMUNITY TRANSIT

Cobb Community Transit began operation in 1989. The hub or main transfer center is located on South Marietta Parkway in Marietta, just west of the Cobb Civic Center. CCT provides service throughout Cobb County and to Downtown Atlanta. Fixed routes connect to the most populated areas of the county and for work commuters, express routes operate from Cobb County to Atlanta Mondays through Fridays with abbreviated holiday schedules.

CCT provides four routes that connect to the Metropolitan Atlanta Rapid Transit system (MARTA).

Route 10 provides service from the Marietta Transfer Center to the MARTA Art Center Station via Cumberland Mall.

Route 30 provides service from Marietta Transfer Center to the MARTA Holmes Station via south Cobb which includes Mableton and Six Flags areas.

The CCT new **Route 35** provides service from Cobb WellStar Hospital to MARTA Holmes station via the City of Austell and Veterans Memorial areas.

Route 65 serves East Cobb, from Marietta Transfer Center to MARTA Dunwoody Station.

CCT offers paratransit service within a 3/4 mile of CCT fixed bus routes. For questions about CCT paratransit service and to learn how to qualify for this service, please call (770) 427-2222. For the hearing impaired, please call the TDD number at (770) 419-9183.

CCT strives to provide a transit network that is convenient, accessible, customer focused and that is safe, reliable and efficient. CCT charges a modest fare of \$1.50 for one way trips for adults, \$1.00 for youth under age 18 and \$.75 for seniors, aged 65 years and older. Transfer to MARTA is currently free of charge. *

All buses make automatic announcements inside the bus of upcoming stops and major roads as well as stop requests by passengers. An LED message sign, located inside the bus, indicate these announcements for the hearing-impaired. For the riders' convenience, CCT offers nine Park and Ride Lots.

For more information about CCT or for route schedules visit the website www.cobbccct.org or call (770) 427-4444.

Please view the CCT System Map on the inside back cover

*** Fares subject to change**

COBB COUNTY SENIOR SERVICES

Transportation Services

Cobb County Senior Services Transportation Division provides door-to-door transportation to eligible senior citizens, aged 60 and older, in Cobb County. Approximately 1350 clients are served annually.

There are two main services that are provided:

- **Fixed Route** - Transportation is provided to the four senior Neighborhood Centers and to the Senior Day Center on a pre-scheduled basis.
- **Demand Response** - Appointments are pre-scheduled to medical facilities. Clients are asked to make appointments in advance.

For information about transportation provided by Cobb Senior Services, please visit their website www.seniors.cobbcountyga.gov/ or call (770) 528-5364

Senior Transportation Study

In 2006, the Cobb County Department of Transportation contracted with Wilbur Smith Associates to prepare a comprehensive Senior Adult Transportation Study. The project focused on senior adult transportation needs and mobility options for Cobb County. The report presents a summary of the study process, assessment of needs and recommendations for future improvement strategies.

The purpose of this study was to document the existing transportation resources and current needs for senior adults within Cobb County. This final report describes the existing conditions in the County related to transportation services, the unmet needs within the County and alternative development plans for the future. This report will support the local champions in the development transportation opportunities for our seniors and older adults.

“I need information about transportation options in Cobb County. Where do I start my search for information?”

**Answer:
Dial 770-528-1679.
Cobb County DOT Planning Info Line**

Transportation Related Programs, Services & Resources

Cobb Department of Transportation (DOT) and Cobb Community Transit (CCT) in partnership with Cobb Senior Services (CSS) are working together to provide Cobb Freedom Voucher Program. Seniors targeted for this program are aged 60 and older, and also qualify for CCT Paratransit services but live outside the CCT Paratransit service area and are not currently service by CSS.

Eligible seniors are provided vouchers to purchase transportation that will best meet their individual needs. The transportation service providers who provides the rides must be registered vendors with the county. See listing of current pre-qualified vendors below.

For more information on Cobb Freedom, contact Cobb Senior Services at 770-528-7987, email at senior.transportation@cobbcounty.org or visit www.cobbseiors.org.

PREQUALIFIED TRANSPORTATION VENDORS

We Care Express	770-882-4645	Lorna Brown

Transportation and Travel Training Programs

Cobb County DOT, Cobb Community Transit and Cobb Senior Services have developed a training program especially for seniors and older adults. This program helps seniors identify transportation resources and trained them on how to use these resources so that they can remain actively involved and connected in their community.

A member of our staff will schedule this specialized Travel Training Program and come out to your facility to conduct a presentation or training session with your group or organization. We also provide individual travel and transportation assessments and consultations.

Please contact us today to schedule a presentation or travel training session in your community. Call DOT Planning Division today at 770-528-1679.

Get on the Bus, Gus!

Older Americans face serious mobility challenges. More than half of all non-drivers age 65 and older stay home largely because of limited transportation options. Cobb County has recognized the need for mobility improvements for seniors and through the partnership, CCT, CSS and DOT, has developed this program for seniors age 55+. For more information on Get OnThe Bus, Gus! please contact Cobb Senior Services Program Coordinator at 770-801-5320 or visit www.cobbsenior.org.

Mobility Management

Being a relatively new strategic approach to managing transportation resources, the Mobility Management Program has a variety of horizons that it can travel within the framework of organizations throughout Cobb County and the region. It is important that the core emphasis and mission be maintained:

- A focus on individual needs.
- Offering a full range of travel options.
- A focus on innovation, changing usual business practices.
- Cultivating partnerships and multi-agency activities.
- Offering a single point of access for customers.
- Applying advanced technologies. Coordinating of community-wide transportation resources.
